President CREW NJ 2017

Diane has been in Title Insurance for 25 years, with a focus on Commercial Real Estate. The market segments have involved industrial, office, healthcare, utilities, state agencies, multifamily, retail and education. Her client base is broad and she has been involved with some of the largest transactions in the state over the past several years.

She has been a member of CREW since 2008. Serving on Philanthropy, Membership and Sponsorship committees she served on the Board of Directors, as Sponsorship Co-Director, for four years, doubling the Sponsorship income to CREW NJ from first year that she stepped up along with Co-Director Patricia Faulkner.

In her Presidential year, Diane looks forward to CREW NJ continuing to provide cutting edge programs as well some Member Only professional development and mentoring opportunities. Diane enjoys doing whatever she can to help members make connections and encourages them to step up for leadership positions on committees, panels, and the board. This year she also seeks to draw more industry leaders into CREW NJ and to connect CREW NJ further with CREW Network, our National Organization.

Personally, Diane, her husband Alex, and their 16yr old daughter Francesca, enjoy theater, dance, hiking and travel...although the current year will likely be limited to the College Hunt!
